Subject Index

A

Abdominal pain, recurrent: and pain sensitivity, 121
psychosomatic approach, 117
Abstracts: presented by the Human Genetics Society of Australasia, 67
presented by the Paediatric Research Society of Australia, 375
Abuse: sexual; consequences of (Review Article), 267
Accelerometry: for cerebral palsy, 289
Acquired von Willebrand's disease: and Wilms' tumour, 253
Acute lymphoblastic leukaemia: hypereosinophilia syndrome and pneumonia in, 359
Adolescents: hospital care (Policy Statement), 1
Adrenal haemorrhage: presenting as abdominal mass, 305
Adrenocortical responsiveness; in ventilator-weaned neonates, 227
Aetiology: of acute viral encephalitis, 339
Aetiology: of prune belly syndrome (Letter to the Editor), 309
Aetiology: of respiratory distress syndrome, 343
AIDS: and breast-feeding (Letter to the Editor), 259
Anaemia: and transient cytopenia, 351
Anaesthesia: epidural bupivacaine; for relief of childbirth pain, 13
Antibiotic therapy: for acute cervical lymphadenitis, 193
Antitrypsin: deficiency of SZ phenotype, 55
Arthritis: juvenile chronic; radiographic diagnosis (Annotation), 273
Asphyxia: neonatal; dangers of premature extubation, 27
thoracic dystrophy, 47
Assisted ventilation: and low colloid osmotic pressure in VLBW infants, 189
Asthma: increasing severity (Annotation), 271
severity of attack, 167
Atopy: and food additives (Annotation), 9
Atresia: oesophageal and pulmonary disease, 247
Autism: childhood (Annotation), 147

B

Behaviour: effect of hospitalization (Annotation), 85
problems; paediatric and psychiatric management, 235
Bile ducts: interlobular; paucity of, 56
Biliary obstruction: extrahepatic, 301
Biopsy: renal, 231
Body mass index: for assessment of obesity in early childhood, 131
Bone dysplasia: the horn; radiographic diagnosis, 347
Bone marrow: modification; for transplantation, 5
transplantation; recent advances (Review Article), 315
Bottle feeding: professional knowledge of, 355
Brain tumour: embryonal; and sexual precocity (Case Report), 201
Breast milk: and AIDS (Letter to the Editor), 259
term and fullterm, 299
Bronchiolitis: acute viral; effect of ipratropium bromide, 169
Bronchopulmonary dysplasia in ventilator-weaned neonates; adrenocortical responsiveness, 227
Bupivacaine epidural: for relief of childbirth pain, 13

C

Cardiomyopathy: neonatal hypertrophic; family study, 249
Cell therapy: in Down syndrome, 151
Cerebral palsy: assessment of limb movement, 289
Cerebroventricular haemorrhage: cranial ultrasound screening in neonates, 31
Cervical lymphadenitis: antibiotic therapy for, 193
Childbirth pain: epidural; for the relief of, 13
Childhood: acute asthma attacks; hospital admissions, 167
acute cervical lymphadenitis, 193
autism (Annotation), 147
cryptosporidiosis (Annotation), 89
food intake at 8 years, 173, 179, 217
hospitalization (Annotation), 85
injuries, 35
nutrient intake; relationship to body size, 41
obesity; indices of, 131
recurrent abdominal pain; psychological adjustment, 121
recurrent abdominal pain; psychosomatic treatment, 117
Chinese children: glomerulonephritis; role of renal biopsy, 231
Cholecystitis: and gall bladder inflammation and distension, 53
Chromosomal abnormality: partial 11q trisomy; neonatal recognition, 197
Chronic lung disease: development; and perinatal factors, 181
Clinical audit: of paediatric morbidity in Hong Kong, 111
Co-ordination: impaired; screening test for, 157
Congenital renal dysfunction: and oligohydramnios tetrad, 137
Cryptosporidium infection: and abdominal distension, 257
in childhood (Annotation), 89
Cystic fibrosis: children's understanding of, 241
postural drainage cf. PEP mask, 283
Cytopenia: benign, transient; in childhood; 351

D

Decision-making: in glomerulonephritis; role of renal biopsy, 231
Deficiency: of SZ phenotype α_1-antitrypsin, 55
of lysozyme; mucopolysaccharidosis, 329
Development: children's perception of cystic fibrosis, 241
of children: hospitalization effects (Annotation), 85
problems; paediatric and psychiatric management, 235
Diabetes mellitus: systemic absorption of insulin from lung, 293
Diagnosis: delayed; of neonatal oesophageal atresia and tracheo-oesophageal fistula, 247

Diarrhoea: cryptosporidiosis (Annotation), 89, 257
Dietary survey: food intake at 8 years, 173, 179, 217
Down syndrome: cell therapy, 151
Dry bed training: for enuretic children (Letter to the Editor), 368
Duodenal ulcer: in leukaemia; secondary to immunosuppression, 115
Duodenoscope: paediatric, side-viewing; for extrahepatic biliary obstruction, 301
Dysplasia: bone; the horn, 347

E

Ehlers-Danlos syndrome, Type IX: the horn: a pathognomonic feature, 347
Embryonal carcinoma: and precocious puberty, 201
Emotional disorders: following sexual disturbance (Review Article), 267
paediatric and psychiatric management, 235
Encephalitis: viral aetiology, 339
Enterocolitis: necrotizing; emergency separation in conjoined twins, 129
Enzyme assay: for mucopolysaccharidoses, 329
Eosinophilic pneumonia: and acute lymphoblastic leukaemia, 359
Epidemiology: *Haemophilus influenzae* type b infection, 323
Epidural: bupivacaine; for relief of childbirth pain, 13
Erythematosus: systemic lupus; in Singapore, 163
Erythroblastopenia: transient; temporal clustering of, 351
Ethics: committees; and paediatric research, 93
in treatment of ELBW infants, 97
Extrahepatic biliary obstruction: neonatal; spontaneous resolution, 301
Extremely preterm infants: attitudes of neonatal paediatricians to, 223
neurological impairments (Annotation), 211
Extubation: dangers of; after neonatal asphyxia, 27

F

Familial: hypertrophic cardiomyopathy, 249
renal abnormalities, 137
septal hypertrophy, 249
α-Fetoprotein levels: in fullterm and VLBW infants, 285
Food additives: and the atopic child (Annotation), 9
Food intake at age 8: distribution and food density by meal energy, macro- and micronutrients, 173
frequency, company and place of meals, 179
Formula feed: soy protein (Policy Statement), 83
Fullterm infants: and VLBW infants; α-fetoprotein levels, 285

G

Gall bladder: distension; and cholecystitis, 53
Gastroenteritis: cryptosporidiosis (Annotation), 89
Cryptosporidium and abdominal distension, 257
Gestational age: and neurological impairments (Annotation), 211
Glomerulonephritis: role of renal biopsy in Chinese, 231
Glycosaminoglycans: excess; in mucopolysaccharidoses, 329
Growth: and nutrient intake, 41
of VLBW infants to 14 years, 335

H

Haemolytic uraemic syndrome: pathogenesis and treatment (Annotation), 213
Haemophilus influenzae type b infection: epidemiology and prevention, 323
Haemoptysis: and tetralogy of Fallot, 363
Haemorrhage: adrenal, 305
intraventricular and periventricular, 343
periventricular; and patent ductus arteriosus, 21
Haemorrhagic pulmonary oedema: and periventricular haemorrhage, 21
Health: care; of adolescents (Policy Statement), 1
of VLBW infants to 14 years, 335
Hong Kong: maple syrup urine disease (Letter to the Editor), 205
paediatric morbidity, 111
Hospital: admissions; of acute asthma attacks, 167
care of adolescents (Policy Statement), 1
effect on children (Annotation), 85
Human leukocyte antigen: as marker for hypertrophic cardiomyopathy, 249
Hyaline membrane disease: and low colloid osmotic pressure in VLBW infants, 189
Hypereosinophilia syndrome: and pneumonia in acute lymphoblastic leukaemia, 359
Hypersensitivity: to cow's milk; Policy Statement on Soy Protein Formula, 83

I

Illness: children's perception of cystic fibrosis, 241
Immunosuppression: and peptic ulceration in leukaemia, 115
Indomethacin: for periventricular haemorrhage, 21
Infant feeding techniques: professional knowledge, 355
Injury: childhood. 35
Insulin: parenteral absorption from lung in diabetics, 293
Intensive care: of extremely preterm infants, 223
Intrathoracic pressure fluctuations: and periventricular haemorrhage, 343
Intraventricular haemorrhage: and periventricular haemorrhage, 343
Ipratropium bromide: for acute viral bronchiolitis, 169

J

Jaundice: in 'healthy' VLBW neonates, 185
prolonged cholestatic, 301
Juvenile chronic arthritis: radiographic differential diagnosis (Annotation), 273

L

Labour pain: epidural for relief of, 13
Learning: in paediatric medicine; formal and independent, 105
Leukaemia: acute lymphoblastic; and eosinophilic pneumonia, 359
peptic ulceration; secondary to immunosuppression, 115
Liver disease: and SZ phenotype α_1-antitrypsin deficiency, 55
Longitudinal studies: food intake at 8 years, 173, 179, 217
systemic lupus erythematosus in Singapore, 163
to 14 years, of VLBW infants, 335
Low birthweight infants: adrenocortical responsiveness, 227
and fullterms; α-fetoprotein levels, 285
ethical issues in treatment, 97
longitudinal study to 14 years, 335
low colloid osmotic pressure, 189
neonatal jaundice, 185
Low colloid osmotic pressure: in VLBW infants, 189
Lung disease: and perinatal factors, 181
Lungs: hypoplastic; in asphyxiating thoracic dystrophy, 47
Lysozyme deficiency: in mucopolysaccharidoses, 329

M

Malignancy; and eosinophilic pneumonia, 359
Maple syrup urine disease: in Hong Kong (Letter to the Editor), 205
Meningitis: *Haemophilus influenzae* type b; epidemiology and prevention, 323
pneumococcal; complications of, 57
Mental retardation: cell therapy for Down syndrome, 151
Motor impairments: screening test for, 157
testing; in cerebral palsy, 289
Mucopolysaccharidoses: clinical characteristics, 329

N

Neonatal: adrenal haemorrhage presenting as abdominal mass, 305
cranial ultrasound screening, 31
extrahepatic biliary obstruction, 301
feeding techniques; professional knowledge of, 355
intensive care; attitudes of paediatricians, 223
intrathoracic pressure fluctuations and periventricular haemorrhage, 343
neurological impairments (Annotation), 211
oesophageal atresia and tracheo-oesophageal fistula, 247
recognition of partial 11q trisomy, 197
Neonates: adrenocortical responsiveness, 227
extubation after asphyxia, 27
familial hypertrophic cardiomyopathy, 249
α-fetoprotein levels, 285
term and preterm; mothers' breast milk, 299
VLBW; jaundice, 185
VLBW; longitudinal study, 335
Nephrotic syndrome: role of renal biopsy in therapeutic decision, 231
Neurological impairments: in survivors of borderline viability (Annotation), 211
Nutrition: food intake at 8 years, 173, 179, 217
of term and preterm neonates; mothers' breast milk, 299
relationship to body size, 41

O

Obesity: in early childhood; assessment of, 131
Objective assessment: of motor disabilities in cerebral palsy, 289
Oesophageal atresia:and tracheo-oesophageal fistula, 247
Oesophageal pseudodiverticulum; cf. oesophageal atresia, 125
Oligohydramnios tetrad: and familial renal abnormalities, 137
Osteo-onychodysostosis: the horn; a pathognomic feature, 347
Oxygen therapy: and chronic lung disease, 181

P

Paediatric medicine: diagnostic skills and their perceived learning, 105
Paediatric morbidity: in Hong Kong, 111
Paediatric nephrology: role of renal biopsy, 231
Paediatric nurses: and infant feeding techniqes, 355
Paediatric Research Society of Australia: abstracts of papers presented at the 20th Annual Meeting, 375
Paediatric research: and ethics committees, 93
Paediatric side-viewing duodenoscope: for extrahepatic biliary obstruction, 301
Paediatricians: and psychological care of patients and their families, 235
Paediatrics: children's understanding of cystic fibrosis, 241
Pain: childbirth; relief of, 13
recurrent abdominal, 117, 121
Parasite: *Cryptosporidium* (Annotation), 89
Partial 11q trisomy: neonatal recognition, 197
Patent ductus arteriosus: and periventricular haemorrhage, 21
Peptic ulcer: perforation in leukaemia, secondary to immunosuppression, 115
Perinatal factors: in development of chronic lung disease, 181
Periventricular haemorrhage: and intrathoracic pressure fluctuations in newborns, 343
Periventricular haemorrhage: association with patent ductus arteriosus and its treatment, 21
Pertussis infection: and abnormal pulmonary function, 277
Phospholipids: abnormal; in asphyxiating thoracic dystrophy, 47
Poison: and drink-proofing containers (Letter to the Editor), 367
Policy Statements from the Australian College of Paediatrics: hospital care for adolescents, 1
soy protein formula, 83
Positive expiratory pressure mask: cf. postural drainage in cystic fibrosis patients, 283
Postural drainage: cf. PEP mask in cystic fibrosis patients, 283

Precocious puberty: and embryonal carcinoma, 201
Prematurity: attitudes of paediatricians, 223
Prenatal diagnosis: of mucopolysaccharidoses, 329
Preterm: and term neonates; mothers' breast milk, 299
Prune belly syndrome: aetiology of (Letter to the Editor), 309
Pseudodiverticulum: oesophageal, 125
Psychiatrists; and paediatric care of patients and their families, 235
Psychology: in treatment of recurrent abdominal pain, 117, 121
Psychopathology: children's perception of cystic fibrosis, 241
Pulmonary barotrauma: and respiratory distress syndrome, 343
Pulmonary disease: oesophageal atresia and tracheo-oesophageal fistula, 247
Pulmonary function: after pertussis, 277

Q

Quadriplegia: and spinal cord dysfunction; bacterial meningitis complications, 57

R

Radiography: for paediatric bone dysplasia; the horn, 347
in diagnosis of juvenile chronic arthritis (Annotation), 273
Recovery: effect of hospitalization (Annotation):
Recurrent abdominal pain: and pain sensitivity, 121
psychosomatic approach, 117
Renal abnormalities: familial association, 137
Renal biopsy: for glomerulonephritis, 231
Respiratory distress syndrome: and low colloid osmotic pressure in VLBW infants, 189
precipitating factors, 343
Respiratory function: after pertussis, 277
Respiratory mechanics: effect of ipratropium bromide, 169
Respiratory tract: abnormal phospholipids in, 47
Rifampicin prophylaxis: for *Haemophilus influenzae* type b, 323

S

Schools: screening for poor co-ordination, 157
Screening: cranial ultrasound; of neonates, 31
HLA; for hypertrophic cardiomyopathy, 249
in schools; for poor co-ordination, 157
Septal hypertrophy: familial study, 249
Sexual abuse: psychological consequences (Review Article), 267
Sexual precocity: and intracranial embryonal carcinoma (Case Report), 201
Singapore: 10 year review of systemic lupus erythematosus, 163
Soy protein formula: Australian College of Paediatrics Policy Statement (Letter to the Editor), 367
Spinal cord: dysfunction; complications of bacterial meningitis, 57
Steroids: and peptic ulceration in leukaemia, 115
Surgery: for periventricular haemorrhage, 21
Systemic delivery: of insulin to diabetics, 293
Systemic lupus erythematosus: 10 year review; in Singapore children, 163

T

Teaching: paediatric medicine; problem-solving skills, 105
Technetium-99m-Pertechnate: high uptake in volvulus of jejunal loop, 365
Testicular descent: mechanisms, 215
Tetralogy of Fallot: and haemoptysis, 363
Therapy: cell; in Down syndrome, 151
rifampicin; for *Haemophilus influenzae* type b infection, 323
role of renal biopsy in glomerulonephritis, 231
ventilator; adrenocorticol responsiveness, 227
Tissue typing: for hypertrophic cardiomyopathy, 249
Transplantation: bone marrow (Review Article), 315
bone marrow modification for (Annotation), 5
Treatment: in ELBW infants; palliative or curative, 97
of extremely preterm infants; attitudes of paediatricians to, 223
of recurrent abdominal pain, 117, 121
Tumour: Wilms', 253
Twins: omphalopagus; emergency separation, 129

U

Ultrasound: cranial; neonatal screening, 31

V

Vaccine: for *Haemophilis influenzae* type b infection, 323
Ventilator therapy: adrenocortical responsiveness, 227
Viral bronchiolitis: effect of ipratropium bromide, 169
Volvulus: and uptake of 99m-Tc-Pertechnate, 365
von Willebrand's disease: and Wilms' tumour, 253

W

Weight: assessment in childhood, 131
Wilms' tumour: and acquired von Willebrand's disease, 253
